BOROONDARA

30 December 2024

To the Owner/Occupier
XXX Burke Road
Camberwell VIC 3124

Dear Sir/Madam

We write to you regarding the upcoming changes to on-street parking restrictions along Burke Road between the Junction and Inglesby Road.

Following the resolution passed at Council's public meeting on 2 December 2024, a section of Reserve Road will be closed from Friday 24 January 2025, in time for the 2025 school year.

Council's decision is based on concern for the safety of children crossing Reserve Road to access the two campuses of Camberwell Primary School. The closure will also provide the opportunity to create additional parkland and open space for the precinct and residents of Boroondara.

As part of this process, we are developing a draft master plan for the precinct bounded by Camberwell Road, Burke Road and Inglesby Road. You will be invited to review the draft master plan in the coming months.

In the interim, to better manage parking for various stakeholders including the Camberwell Junction Tennis Club, the Our Lady of Victories Church, Camberwell Primary School and visitors to shops and businesses, parking will be changed on Burke Road.

The changes involve removing the fees from the 2 hour zone on the east side of Burke Road between St. John's Anglican Church and Reserve Road and introducing three 10 minute parking bays at the Reserve Road end that would operate between 3pm to 7pm, Monday to Friday. Between Reserve Road and Inglesby Road, the all day ticket parking on the east side of Burke Road along the Church will be converted to 3 hour parking. The fees that apply for this parking will also be removed. An additional 4 spaces (3 x 3 hour and 1 x 10 minute space) will be introduced on the same side where the former tram stop used to be located.

Further details are shown in the attachment. These changes are due to be introduced in mid January 2025 and may be refined over coming months. Please be aware of the changes and park accordingly.

Should you require any further details, please contact me on 9278 4380.

Yours sincerely

Chase Ong
